

BRADLEY PHOTOGRAPHIC

PHOTOGRAPHY BY JASON BRADLEY

DIGITAL WORKFLOW SEMINARS FOR UNDERWATER PHOTOGRAPHERS

*Learn Adobe Lightroom & Photoshop While Diving California's Channel Islands
With Santa Barbara's Truth Aquatics Aboard Vessels Vision and Conception*

Sign Up Today! Space is Limited to Facilitate Personalized Instruction.

You're invited to join professional nature and underwater photographer Jason Bradley and Lightroom expert Bill Stotzner from Adobe Systems Inc.

Learn pro secrets for managing digital workflow using Adobe Lightroom and Photoshop software. Whether you are a hobbyist or an amateur photographer working toward a professional career, don't miss this chance to work along side Jason and Bill in the beautiful Channel Islands.

Learn How To:

- Gain control of your image library
- Optimize your workflow: never lose an image again
- Apply professional techniques for color correction
- The secrets of pro cataloging and keywording

Best of all, you'll learn in a relaxed, hands-on environment at your pace--shoot during the day and learn at night!

To register or learn more about the seminars, contact Jason Bradley at: 818-415-2767 or by e-mail at contact@BradleyPhotographic.com

Dates:
Aug 23-27
Sep 13-15

Cost:
\$1075 (5 days)
\$626 (3 days)

The cost of the trip is all inclusive, and covers your time aboard the vessel, as well as meals and the cost of the seminar. Tipping the boats's crew is customary, and is not included in the cost of the trip

Jason Bradley

Jason is based in Monterey, CA and has been teaching techniques in digital photography and digital workflow for almost five years. He considers the Channel Islands home and has been diving there for 16 years.

Bill Stotzner

Bill is a passionate photographer as well as an expert on image cataloging and metadata. He's also on the development team for Lightroom at Adobe Systems. Bill's knowledge of Lightroom is endless!
